

# Sign With Della!

Della is deaf. She listens with her eyes and talks with her hands. Let's learn to sign with her!

## Hello

Touch your fingertips to your forehead, like a salute. Then move your hand out and away.

## Friend

Hook your pointer fingers together. Then swap, and hook them the other way.

## Please

Put your flat hand on your chest. Rub it around in a circle.

## Thank you

Touch your fingertips to your chin. Then move your hand forward, toward the person.

## Help

Put a thumbs-up on your flat hand. Lift both hands up together.

## Yes

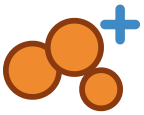

Make a fist. Nod it up and down, like your head saying yes.

## No

Hold out your pointer and middle fingers. Snap them down onto your thumb.

## More

Bunch the fingertips of both hands. Tap them together a few times.

## Play

Make both hands into a “Y” (thumb and pinky out). Shake them.

## Sorry

Make a fist. Rub it in a circle on your chest.

## Pumpkin

Make a fist. Flick your other middle finger on the back of it, like tapping a pumpkin.

## Silent cheer

Raise both hands up high and wiggle them. This is how deaf people clap!

**Bonus: I love you** Hold up your thumb, pointer finger and pinky, all at once.
